

## Microsoft in Education Global Forum Dubai

### Developing an Education Policy for Transformation

#### Creating a Transformative Policy

Today, effective policies across the school, state, and national levels must align to encourage innovation and empower educators to use information communications technology (ICT) in ways that enhance teaching and learning.

#### Keys to Transformation

1. Leadership
2. Policy
3. Professional learning
4. Curriculum and assessment
5. Information communications technology (ICT)
6. Sustainable resourcing
