CONCEPT NOTE

Reinforcing Partnerships (SDG-17)

SUSTAINABLE EDUCATION & TECHNOLOGY
Effective Achievements

Sustainable Development Goals (SDG Agenda)

The United Nations General Assembly adopted on September 25, 2015 the Sustainable Development Goals (SDGs): “Transforming our world: the 2030 Agenda for Sustainable Development” and as a supportive action Millennium@EDU SUSTAINABLE EDUCATION PARTNERS signed on September 27, 2015, in New York, the Sustainable@EDU Commitment https://millenniumedu.org/sustainableedu/ expressing their agreement to contribute for the achievement of the SUSTAINABLE DEVELOPMENT GOALS (SDGs).

Following five sucessive years of Meetings organized to reinforce partnerships, in 2017, the VI Meeting - SUSTAINABLE EDUCATION MEETING aims to reinforce and enlarge the cooperation between stakeholders, in line with “SDG 17 – Partnerships for the Goals” https://millenniumedu.org/sdg17/ and assumes the designation of the Meeting as “SUSTAINABLE EDUCATION MEETING” stating the new approach as well as broadening its scope.

The “SUSTAINABLE EDUCATION MEETING” will focus on three interlinked drivers of Sustainable Development: Education, Monitoring and Technology, as follows:
**Education** – the **Meeting** will focus on **Education for Sustainable Development** as well as on the use of technology to improve the access and quality of education and on how the personal and social awareness of the scientific method and technological tools can contribute to a better management of data, **Monitoring** and effective achievement of **SDGs**. As a reference for this Topic, the **Meeting** will focus on the “**UNESCO GUIDE: “Learning Objectives: Education for Sustainable Development Goals”**: [https://millenniumedu.org/education-for-sustainable-development](https://millenniumedu.org/education-for-sustainable-development) and on its role to promote 21st century literacies with focus on the themes of the Seventeen United Nations Sustainable Development Goals – in particular the **Literacy of Peace, Energy, Water, Climate and Partnerships**;

WORKING LANGUAGE

The working language of the SUSTAINABLE EDUCATION MEETING is English.

DATE and Place – Third Week of September (21- Thursday & 22 Friday) - New York City, USA

The VI Meeting - SUSTAINABLE EDUCATION MEETING will take place in New York City, USA, on September 21 (Thursday) and on 22 (Friday), 2017.

Every year the Meeting is in the third week of September, the exact same week as the opening of the Annual Session of United Nations General Assembly, giving the Stakeholders the opportunity to live and feel the context of our operational aims as a contribution for United Nations Millennium and Sustainable Development Agendas.
We also take the opportunity to cooperate with other institutions having events in the same area and during the same week and with similar purposes, as well as to have an exchange of views within this context.

**VENUE – Microsoft Technology Centre NYC Time Square**

As an important contribution from the Millennium@EDU Stakeholders, the venues of our events are offered by our partners.

This approach benefits also the relations with our partners and among them. It helps to understand the hosting stakeholder culture, organization and methods.

The **VI Meeting - SUSTAINABLE EDUCATION MEETING** is hosted by Microsoft and it will take place at the **NYC Microsoft Technology Center Times Square**

**Who Attends the Meeting**

Around 50 participants are expected to attend the **SUSTAINABLE EDUCATION MEETING**. The concept of the Event is to give the chance to all participants to know each other and the projects they are engaged as well as the opportunities of collaboration.

The participants are leaders from companies committed to education, technology and sustainable development, in particular to projects involving technologies. Companies like Microsoft (which will host the meeting), Intel and other companies or entities with outstanding
international recognized skills in the referred fields, with relevant activity in their country or region and involved in sustainable education projects.
