## Microsoft Education Transformation Framework

### Ten critical components of school transformation

There are ten components of transformation that you need to consider. They fall into two categories - Leadership and policy, and 21st century pedagogy.

Leadership and policy

21st century pedagogy

Develop a Plan for Intel® Education Transformation

## CULTIVATING A STRATEGIC PLAN FOR CHANGE

### TAKING STEPS TOWARD TRANSFORMATION

The journey to creating a successful learning environment starts with visionaries like you. By developing a strategic plan to drive change, you can bring your education vision to life.

Grounded in research, the Intel® Education Transformation Policy Tool for learning and teaching includes all aspects of the process, from providing leadership and policy development to adopting curriculum and choosing technology—all while maintaining sustainable program funding and constantly evaluating program success.

Our comprehensive Intel® Education Transformation Policy Guide provides insights, best practices, and practical strategies to advance your school's vision of education transformation.
