Mr. Tiago Terrivel, Project Leader, at INTEL
It's my honor and pleasure to represent Millennium@EDU SUSTAINABLE EDUCATION in the Presentation Ceremony of Mauritania “the land of a million poets”
We wish this is the start of a long-term cooperation to promote the use of technology in education in Mauritania.
We are committed to develop a partnership including different aspects, as infrastructure, content, training, planning among others.

Our ambition is to be long term partners and develop a Project which impresses our stakeholders around the world and mobilizes resources.

We are honored with the possible to join the Government amazing efforts to improve the quality and access to education;
I would like to highlight the essential and amazing support of ALECSO, in Particular HE and friend Dr. Mohamed Ould Amar, Director General of ALECSO and my friend Prof. Mohamed Jemni Director of Information and Communication Technologies, personalities who were the driving forces of this cooperation with Mauritania.
Let me give special thanks to INTEL and jp.inspiring knowledge, two partner companies which committed to this Project, and beyond their profit propose, they focus on their social responsibilities and bringing to this Project the excellence of their products, services and People.

Allow me last personal words:
أودُ أَن أَشْكُر مُدَرِّسي لِلْغَة العَرَبَيَّة
الأُسْتَاذ/ نَجِيب الَّذِي سَاعَدَنِي فِي كِتَابَة
هَذِهِ الكَلِمَة، مُدَرِّسي مُمْتَاز لَكِن الطَّالِب
صَغِيْر، وأَنَا آسِف لِأَخْطَائِي اللُّغَوِيَّة.

I would like to thank my great Arabic teacher, Najeeb, who helped me with these words. My teacher is great, but the student is “young” and I am sorry for my mistakes.

أَشْكُرُكُم عَلَى حُسْن اِسْتِمَاعِكُم، والسَّلَام
عَلِيكُم وَرَحْمَةُ اللَّهِ وَبَرَكَاتُهُ.

Thank you for your attention.
